

A Guide to Your Accounts

Texas Values, Texas Bank

Texas Bank pledges to provide outstanding personal service, a wide range of financial services, and the newest technologies in order to best serve our customers. Our goal is to become not just your bank of choice, but to become a vital member of each community we serve.

August 9, 2016

Dear Valued Customer,

On behalf of the Texas Bank and Prosper Bank teams, we are very excited to announce that our two strong, independent-minded community banks, who both have great histories and reputations in our respective communities, are coming together to make one strong Texas Bank.

Our new combined bank will be called Texas Bank – one bank with Texas values uniting the best of both companies. It is a strategic merger of equals who, for over 100 years, have been steadfast in providing superior customer service and generously supporting the communities where we live and work.

What does this mean for you?

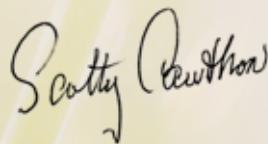

We are creating a premier community bank that will have the scale and ability to deliver new and existing customers like you the best products and services through our personal approach to banking while also offering customers advanced banking technology solutions. That is just the beginning.

Texas Bank will have the capacity to serve the Prosper and Frisco customers in more ways than ever before, continuing to make us a far better and more compelling community banking alternative to the big banks. We know you will have many questions regarding this merger; therefore, we are providing you with this important conversion packet to help you through this process.

In addition, as the merger process continues, we will make sure we communicate the information we can through general public announcements and direct customer communications. In the meantime, you can continue to do your banking as you normally would as a customer of Prosper Bank. We will provide ample notice to you when you can expect changes to occur. And the same employees you are familiar with will continue to serve you.

This is a time of excitement and optimism for the future of our two banks, but we also understand that, particularly for Prosper Bank customers, changing the name might be difficult for some. We want you to know that although we will have a new name, our unwavering commitment to providing superior customer service and our generosity to the communities we serve will only grow stronger through this merger.

We are confident you will see the legacies of our two banks are very similar: superior customer service, employees engaged in our communities, and a deep commitment to excellence in everything we do. As always, thank you for your loyalty to Prosper Bank.

Rest assured that you have a choice. If you prefer a different account type, just let us know. We will change your account type on September 12, 2016 and send you confirmation via mail that the change is complete.

When will I get my statements?

On the final day of processing for Prosper Bank, September 9, 2016, all Prosper Bank accounts will receive a final statement. After conversion, your next statement date will be as close to your current statement date as possible. Debit Cards Questions and Answers

The week of August 29, watch for your **new Texas Bank Visa Debit Card** to arrive in the mail. You will also receive a **new PIN number** for this card, which will arrive in a separate mailing.

When can I start using my Texas Bank Visa debit card?

You will be able to activate your card when you receive it. You can start using your Texas Bank Visa Debit Card for purchases on September 12.

What debit card will I use over the Merger weekend?

Continue to use your Prosper Bank Debit Card through September 11.

I don't like my assigned PIN. How can I change it?

You can come into any of our locations and our staff will help you securely change your PIN.

Why are you issuing "chip" cards?

Chip cards add an additional layer of security to the safeguards that already protect cards. Each time a cardholder uses their chip card it generates a code that is unique to that transaction. This makes it harder to counterfeit a card or to use it fraudulently for in-store purchases.

How does my new "chip" card work?

Chip cards are easy-to-use, but there are some differences compared to using a magnetic stripe card. Instead of swiping the card through the terminal, a chip card is inserted into a chip-enabled reader and stays in during the full transaction.

What if I have automatic payments set up on my debit card? Be sure to update your card information with any automatic billers you are paying with your debit card.

FRAUD MONITORING AND ALERTS FOR DEBIT CARDS

Texas Bank utilizes a debit card fraud monitoring system to help protect our customers from debit card fraud. This system will help protect your card from potential fraud. If potential fraud is detected, you will be contacted via phone from one of our staff members. Transactions may be temporarily blocked until verification is confirmed on the potentially fraudulent transactions.

It is extremely important that we have your current contact information to contact you in case of potential fraud. Please make sure that your information is updated in our records by contacting any of our staff members to verify your information.

U CHOOSE REWARDS

Prosper Bank offers a free UChoose program, where you earn reward points with every purchase you make with your debit card when done as a credit purchase. Texas Bank will continue to offer this program. Earn points towards rewards by using your Texas Bank Visa Debit Card for credit purchases. UChoose points are not FDIC insured.

UChoose Rewards points are awarded to eligible accounts when you make purchases with your Texas Bank Visa Debit Card. Redeem points for all kinds of rewards, including electronics, airfare, event tickets, gift cards, and more!

Will my UChoose Reward points move over?

Yes, your current points will move over to your Texas Bank Debit Card. Points will take up to one month after conversion before they will show up on your UChoose account.

Will I need to re-enroll for UChoose rewards?

Yes, visit www.uchooserewards.com to enroll.
